## **NOTICE**

### **Credential Production Delays**

Due to unforeseen technical difficulties at the Government Publishing Office (GPO), mission members whose applications for a driver's license or a tax exemption card were approved on or after August 27 may temporarily experience delays in the receipt of their credential(s). Our understanding is that accreditation identification cards are not affected by this delay. GPO anticipates that the printing of driver's licenses and tax exemption cards will resume during the week of September 7.

The Department will continue to accept and process all applications. Applications approved on or after August 27 do not need to be resubmitted during this delay.

Any questions may be referred to the Office of Foreign Missions at 202-895-3500 or as appropriate to the following collective email addresses:
